MARRIAGE BELLS.

Joseph Chamberlain, an English Member of Parliament,

AND SECRETARY ENDICOTT'S DAUGHTER, MARY, WEDD D.

The Ceremony Takes Place in St. John's Protestant Episcopal Church, Washington, in the Presence of the Bride's Family and Invited Guests—The President and Mrs. Cleveland Present.

WASHINGTON, Nov. 16.—A dark, rainy and disagreeable day marred to a great extent the festivities of the occasion of the marriage of Mr. Joseph Chamberlain, of England, to Miss Mary Endicott, daughter of the secretary of war. It took place at St. John's Protestant Episcopal church on H street, opposite the executive mansion, at 2 p. m. Although the state of the weather was distinctly unpleasant there were compensations even in the drizzling rain. It prevented the gathering of the crowd which would undoubtedly have besieged the church had the sky been clear. It had been feared that as the invitations to the ceremony were verbal and no cards to the church had been distributed the edifice would have been crowded with uninvited guests. To prepare against this emergency seats had been allotted to all of the invited guests by number; but while a great many persons presented themselves at the church who were evidently not among the guests invited, there was no crowding for admittance, and the throng on the sidewalk awaiting the coming of the bride and groom was very small.

Before the arrival of the wedding party the president and Mrs. Cleveland and most of the invited guests, had entered the church and been shown to their seats.

The ushers were W. V. R. Berry, Woodbury Lowery, Blair Lee and Sigourney Butler. The front seat on the left hand side of the center aisle had been reserved for Mr. and Mrs. Endicott, Miss Clara Payson, their niece, and W. C. Endicott, Jr. Directly behind this pew were arranged the relatives of the bride and near friends of the family.

There were no floral decorations in the church. Shortly after 2 o'clock the bride entered the church leaning on the arm of her father. She was attired in a gray traveling dress. As she passed up the aisle, Mr. Chamberlain appeared at the chancel rail. He was unaccompanied. He wore a frock coat, dark trousers and white scarf.

The ceremony was performed according to the rights of the Episcopal church by Rev. W. A. Leonard, of Washington, assisted by Rev. J. H. Franks, of Salem, Mass. At the conclusion the bride and groom walked down the aisle followed by the bride's family and the ushers.

They were driven immediately to the Endicott mansion where they were followed shortly afterwards by the relatives and guests to whom a wedding breakfast was served. The decoration of the house was simple. No elaborate floral pieces were ordered. Potted palms filled old nooks in hall and library, great vases of roses stood in every room and decorated the long breakfast table and the mantles were almost smothered in rare cut flowers. These blossoms came from the White House and many private conservatories and were the gifts of Miss Endicott's friends.

The bridal presents received by Miss Endicott were quite elaborate and include a check for a substantial sum from her grand parents, Mr. and Mrs. George Peabody; a diamond and sapphire necklace from her uncle in London; a diamond a sapphire crescent for her hair, a pair of diamonds and sapphire bracelets and a diamond ring from Mr. Chamberlain, and a diamond crescent from her father.

Miss Endicott's trousseau is extensive. It includes seven dresses made by Worth. In addition to the clothing is an elaborate supply of household linen, daintily embroidered.

Gigantic Swindle Comes to Grief.

SAN FRANCISCO, Nov. 16.—The California Land and Labor company, which has been flooding the southern, middle and New England states with circulars offering to bring laborers to this state and promising them permanent and lucrative employment provided each person on receipt of the circular would forward to the company \$6.40, has come to grief through the arrest of L. Grover Reed, one of the originators of the swindle. A large number of letters were found in Reed's possession that had been written by workmen seeking employment.

Condemned Murderer Suicides.

LOS ANGELES, Cal., Nov. 16.—Fritz Anschlag, the murderer of Mr. and Mrs. Hitchcock and Julius Fugh, committed suicide Wednesday night in jail by taking strychnine. He died shortly after midnight. All efforts to save his life were unavailing, the dying man's paroxysms being so terrible that a stomach pump could not be used. Before dying, he said that he had concealed the strychnine for a long time in a plug of tobacco. Anschlag was to have been executed on Monday.

A Case of Cussedness.

DECATUR, Ill., Nov. 16.—Unknown persons during recent political meetings burned nearly fifty horses at Taylorville so badly with sulphuric acid that five have died and many are unsightly objects.

CONCERNING THE TWO PRESIDENTS.

Gossip About Cleveland and Harrison.

West Virginia's Vote Still of Interest.

CHICAGO, Nov. 16.—A News special from Indianapolis, says:

Gen. Harrison is daily growing more uneasy about the complexion of the next house of representatives, and his anxiety has taken the form of personal telegrams to several of the disputed districts, asking for information. The politicians here believe that the Democrats will either control the next house, or that the Republican majority will be so small that it cannot be depended upon, especially for a tariff bill.

But it is not the coming tariff bill which is the point to which Gen. Harrison is chiefly directing his attention. Without a Republican house he fears that he will not be able to effect the admission of the new states, and upon these admissions he has set his heart. Out of the general's house comes the statement that Harrison means to admit Dakota as two states and to let in all the other territories that are large enough, including Utah and New Mexico, thus making his administration on the pages of American history in a way not soon to be forgotten. The Utah problem can be solved by a state constitution acceptable to the nation, and New Mexico cannot be left out when the others come in.

This is not guess work, but it is a program which the president-elect outlined to a friend not three days ago.

Don't Regret the Issue.

NEW YORK, Nov. 16.—The Herald's Washington correspondent telegraphs as follows: A distinguished Democratic leader who recently talked with the president regarding the election quotes Mr. Cleveland as saying: "I am told that without the tariff issue in the last campaign we should have carried the country. That may be true, but the time had come when the issue between the two parties had to be made, and the Democrats made it. I don't regret. It is better to be defeated battling for an honest principle than to win by cowardly subterfuge. Some of my friends say we ought to have gone before the country on the clean administration we have given the people. I differ from them. We needed a clean-cut, well defined issue. We were defeated, it is true, but the principles of tariff reform will surely win in the end."

The president is also quoted as saying that he was well pleased with the vote of New York city, but was much disappointed with the result in Kings county.

Errors Claimed in New York.

NEW YORK, Nov. 16.—A special to the World from Indianapolis says: A mysterious telegram received Wednesday stating that errors of count had been discovered in New York which, if followed up, would turn the state over to Cleveland, created great excitement. Telegrams of inquiry concerning the same rumor came from remote parts of the state to leading Democrats here. It is stated that Democratic National Secretary Sherin went to New York in answer to the report. At his office it was simply stated that he was out of town.

West Virginia Very Close.

NEW YORK, Nov. 16.—The Herald's Wheeling correspondent says that the vote of the state is so close that the official count of the entire state will be necessary to determine the result. On the gubernatorial ticket the majority will not be more than 100 either way. The legislature wavers between one Democrat and one Republican majority on joint ballot.

A Tribune special from Wheeling says the Republican state committee now claim Goff's election as governor by 116 majority.

Slated For Public Printer.

WASHINGTON, Nov. 16.—A prominent Republican says Hon. William Ward, of Chester, Pa., is slated for the office of public printer. Mr. Ward is a practical printer, having served an apprenticeship at the trade. He has been in congress and is now practicing law in Chester.

A Recount Makes No Change.

BAY CITY, Mich., Nov. 16.—Wheeler, Republican, gets 75 majority in the Tenth congressional district. The recount in Bay county made no change.

Getting Back at Americans.

NEW YORK, Nov. 16.—A Tribune special from Ottawa, says: An order in council has been passed, increasing the export duty on pine logs from \$2 to \$3 per thousand feet. A member of the government explains that the increase is directed against the American lumbermen, who have taken up enormous timber limits in Ontario, and are cutting down the choicest timber very rapidly. The government is determined to make the business unprofitable to Americans and will impose a still heavier tax if necessary.

Derailed By Cattle.

VALPARAISO, Ind., Nov. 16.—A Pan-Handle train was derailed by cattle near Kouts, Monday night. The caboose was thrown down, an embankment and turned completely over. There were twenty-five men in the car and all were injured. One died shortly after being taken out of the wreck. Nine were seriously injured, but it is thought they will recover.

Wrapping Paper Trust.

NEW YORK, Nov. 16.—A Chicago special to the Herald says: "At a secret meeting here of the western manufacturers of wrapping paper the price was raised from \$30 to \$35 per ton. As the output of the mills represented is about two hundred tons per day, the benefit to the trust by this raise is \$1,000 per day."

Student Cut in a Political Quarrel.

LAFAYETTE, Ind., Nov. 16.—A serious cutting affray occurred among students of Purdue university. A party of Republicans students had obtained a uniform of the Democratic college club, with the intention of carrying it in the parade. Young Figg, a student, demanded the property, and attempted to take it. A scuffle ensued, when William Gregory, another student, used a knife, cutting a serious gash in Figg's back and on his right leg.

John van Korth, engineer of the locomotives, N. Y., steam gauge and lantern works, has been arrested on suspicion of setting fire to the works last Friday. Wherever he has been employed in the last few years there have been mysterious fires. Twelve more bodies have been found in the ruins of the fire.

THE KNIGHTS.

Secretary Hayes' Report to the General Assembly.

THE ORDER NOW HAS OVER A QUARTER OF A MILLION MEMBERS.

Much Depends on the Action of the Convention as to Whether the Order Will Continue to Thrive or Will Dwindle Away—The Delegates Divided on the Question.

INDIANAPOLIS, Nov. 16.—Secretary J. W. Hayes' report to the general assembly Knights of Labor shows 5,636 locals in good standing, with 259,518 members reported and 37,900 not reported.

Among amendments to the constitution presented are the reduction of the per capita tax, combination of the offices of secretary and treasurer, reduction of the executive board, annual election of officers, support of strikes only to the extent of money secured by appeal, fixing salaries of general officers and expense allowance of members of the general executive.

The executive board reports the case of the Cincinnati shoemakers, showing that District Assembly No. 48 preferred charges against H. J. Skeffington of opposing the action of the assembly, sowing seeds of discord and otherwise injuring the order. Trial was set, but Skeffington appealed to the general assembly, degrading the power of the executive board to try him. Thomas B. Barry's protest is on the same grounds.

The committee reports that he was expelled on complaints, from all parts of the country, of incompetency and violation of his obligation as a member and general officer. A. A. Carlton, another member of the executive, is relieved, after resigning and submitting an expense account deemed exorbitant.

If Barry is heard before the assembly it will be upon the treasurer's report, which shows the receipt and expenditure of \$222,507.09 for the year ending June 30. A supplementary report to October 31 shows \$52,561.72 received and \$42,926.63 expended.

Much interest is manifested in a report read by Mrs. L. M. Barry, of Philadelphia, lecturer and organizer. In urging legislation to cure the evils in the working woman's lot she drew many illustrations from Cincinnati, such as women working on pants at five cents per pair, and on vests for two and a cents each, the making of undergarments, trimmed, at twenty-five cents a dozen, and white shirts, ruffled, at fifty cents a dozen. She also referred to the system of firing in Rockwell's restaurant, and pointed out strongly the inevitable driving of girls to ruin and crime.

The delegates and others who are in attendance on the twelfth general assembly of the Knights of Labor, have settled down to work and the time away from the assembly is largely devoted to committee work. Much gossip is indulged in regarding the probable outcome of the convention, both as regards the election of officers and the future success or failure of the order.

Two years ago Grand Master Powderly announced that he was beginning his last term of office, and at the Minneapolis convention his last year he repeated the statement. In view of these declarations he might be thought to be out of the fight, but such is not believed to be the case by many. Instead of repeating his former plain refusal to continue to serve, he now simply refuses to speak, and this fact is considered an evidence of willingness to accept once more.

The selection of other officers depends on Powderly's decision and the action of the general assembly as to the reduction of the force. Much depends on the action of this convention whether the order will thrive or dwindle away. While many are anxious about the outcome they express a firm belief in the long life and great prosperity of the organization.

Others, and there are many of them delegates, are equally of the opinion that these are the last days of what one of them calls "a gigantic confidence game."

These latter think that the overthrow of Powderly and his associates in the general executive board is essential to the good of the order, and some of them assert that an investigation of the inside workings at the general offices will reveal an astounding state of affairs. They claim that the general executive board have been living at the expense of, and not in the interest of the working classes, and promise a big sensation before the general assembly adjourns.

It is claimed by those who profess to be informed of the facts that the cause for the delay in Powderly's report is that he had given ex-Secretary Litchman a severe handling, and that Litchman in his report had returned the attack with interest. The two were, it is said, finally brought together and the matter amicably arranged, and the delay has been caused by the reprinting of the report with the "savage" part eliminated.

Harry J. Skeffington, of Cincinnati, claims that membership of District Assembly No. 48 of that city, has been illegally inflated to allow two representatives instead of one, and he took occasion to say so on the floor of the general assembly, but was overruled by Powderly.

The morning session has been devoted to further reports and routine business.

WABASH, Ind., Nov. 16.—W. O. Hoover, a farmer living a few miles south of this city, lost his home by attending the Republican jubilee here Tuesday night. His house was ransacked during the absence of the family. The burglars set fire to the building when they left, and it was totally destroyed. None of the contents was saved. There was no insurance on the property. No clew to the marauders has been obtained.

Ohio's Vote.

CINCINNATI, Nov. 16.—Returns from all counties in Ohio but one, and giving estimate of that, shows that Harrison's vote was 415,792; Cleveland, 389,969; Fisk, 24,814, and Streeter, 3,533, making a total of 844,125.

In 1884 Blaine received in Ohio 400,082, Cleveland 308,286 and St. John 11,269 votes. The total vote was that year 744,597.

DAILY EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

FRIDAY EVE., NOV. 16, 1889.

MAJOR BURCHETT isn't feeling quite as jolly over the election as those Republicans who were not candidates.

It is rather cruel to Major Burchett for the Republicans to be jollifying when he met with such a crushing defeat.

Who will comfort Major Burchett in this hour of rejoicing in the Republican camp? We suggest that the duty be delegated to Judge Thomas.

THERE are more Democrats in this country than Republicans. The recent election establishes that. Cleveland received a majority of the popular vote.

WHILE the Republicans are at this jollification business they had better have all the fun possible. They may not have another opportunity for years to come.

THERE is some foolish talk among Republicans at Washington City about enjoining Governor Buckner from issuing Hon. John G. Carlisle his certificate of election.

DEMOCRATS should be made of sterner stuff than to be dismayed by defeat. The rejoicings of the enemy should nerve us all and make us strong for the battles of the future.

REPUBLICANS since the election have been singing:

"Alger, of Michigan, has wings of gold,
Jim Blaine has wings of fame,
Harrison has no wings at all,
But he got there just the same."

We serve notice on the Republicans that we Democrats will be on hand in 1892. Pshaw! What is a little defeat like the recent one to the great Democratic party that has survived the ups and downs of a century!

WHERE, oh where, is the boasted vote that the Republicans of Mason, Fleming and Bracken counties were going to give Major Burchett? It melted into thin air.—Greenup Gazette.

Nothing of the kind. It was struck by a united and harmonious Democracy and went down under an avalanche of Paynter ballots.

The recent vote in this county—the largest ever polled—will likely result in securing Mason another Representative in the State Legislature when the next apportionment is made. The county once had two Representatives and there is no reason why she shouldn't have two now.

THE News-Democrat, of Georgetown, O., is not entirely cast down by the late National defeat. Hear it shout: "Bless our stars! Texas is safe, and Kentucky rolls up her usual Democratic majority. All hail Kentucky, the home of the handsomest women, the fastest horses, the best whisky and bravest Democrats outside of Brown County and Texas. Here's to all of us!"

WHAT bosh and nonsense it is for Democrats to curry favor with Republicans by "going back" on their Presidential nominee. Stand up and give them as good as they send, and beat him out of them in local elections. They wouldn't spare you. Don't spare them.—Lexington Press.

Here, give us your hand on that, Brother Duncan. We're with you. No true Democrat will curry favor with Republicans by "going back" on his Presidential nominee.

The editor of the Dover New rejoices that he lives in "the end of Mason where the Republicans are not strong enough in number to stir up but a very small amount of jollity over the election." He feels sorry for us Democrats here in Maysville.

That's all right and proper, but he ought to know that it's a poor Democrat who can't bear up under the most crushing defeat. And then we look forward hopefully to 1892, when the Republicans may be "in the soup."

MANY of the workingmen who voted to put General Harrison in the Presidential chair and to keep up a high tariff will no doubt wonder before the coming winter is at end why they are compelled to toil day after day for a mere livelihood for themselves and their families.

Under a monopolistic tariff system their wages decrease each year. This fact they know but yet that very system is referred to by them as one that protects American labor. Queer, isn't it?—Harrisburg Patriot.

Let them toil, starve and wonder. Let them go on eking out a living, while Carnegie and his brother monopolists continue to pocket their thousands. It will not continue so always. The blind may see some of these days.

Kentucky's Vote.

Returns have been received from 113 counties in Kentucky, which gave Cleveland, 175,113; Harrison, 148,716 votes; majority for Cleveland, 26,397.

There remain to be heard from six counties, Boyle, Daviess, Elliott, Grayson, Perry and Wolfe. Of these Daviess is largely Democratic, while Elliott is also apt to swell the majority.

NINTH DISTRICT DEMOCRATIC.

Official Returns Show That Cleveland Carried it by 133 Majority.

In the past few days there has been talk among Republicans that their national ticket received a majority in this district at the late election, even though their Congressional candidate was defeated. They have been comforting themselves with this belief. It was their only consolation, so far as the local fight is concerned, but even this is destroyed by the official count.

The returns as reported to the Secretary of State show the following:

COUNTIES.	Cleveland.	Harrison.
Bracken.....	1072	1066
Robertson.....	857	846
Mason.....	2778	2363
Fleming.....	1813	171
Nicholas.....	1475	933
Bath.....	1545	1392
Rowan.....	384	412
Carter.....	1373	1773
Johnson.....	854	1347
Martin.....	218	525
Lawrence.....	1635	1717
Boyd.....	1302	1331
Greenup.....	1236	1397
Lewis.....	1379	1850
Total.....	1871	18238
Cleveland's majority.....	133	

Complete official returns of the vote for Congressman have not been received, but Mr. Paynter's majority is much larger than Cleveland's.

PAUL SCHELL, the negro who came near being murdered at Ripley simply because he voted the Democratic ticket, writes a long letter to the News-Democrat, of Georgetown, in which he says: The great privilege of a man voting the way that he honestly believes is for the best interest of the people, is without a doubt one of the things of the past in Ripley, Ohio, at least so far as the colored element is concerned.

The disposition manifested by Republicans on this subject is discreditable to the extreme. All men should have a right to vote their honest sentiments in this free country of ours, no matter where he lives. If the lawless disposition so lately manifested in this section to mob and murder the negro for voting the Democratic ticket is not checked at once it will lead inevitably to serious trouble.

A prompt and stringent enforcement of the law in such cases is all that is needed.

Mr. Schell also pays his respects to the Rev. Mr. Hatton in very pointed language. He says:

Since the word was received that Peter H. Clark was coming to make a Democratic speech, there has been a blood-thirsty feeling existing and expressions made that would be a disgrace to any tribe of Africans in their native clime. Mr. Clark came and made a first-class argument in favor of the Democratic policy. Now in order to down Mr. Clark, the professed leaders of the Republican element, in their eagerness to carry their point, let their zeal detract their better judgment and imported a Mr. Hatton, who came well armed, not with intellect but with not one thing more than bloody shirts and war paint. Intellectually Mr. Hatton proved to be a cipher and nearly his whole speech was made up of foolish abuse of Mr. Clark, interlarded with insulting slang about the gentlemen who treated Clark with the respect that is due to one citizen from another. As an agent to create a murdering, mobish spirit in an illiterate class of people he, (Hatton), was a decided success.

This same Hatton was here in Maysville, and was used to arouse the passions of the colored voters and hold them in line by all means.

Mr. Clark's speech here was an able argument, sound, earnest and argumentative, one that appealed to the reason of his hearers. Mr. Hatton's was quite different, and while it may have helped to hold the colored voter in line it did not characterize him as the equal intellectually of Professor Clark.

Capitalists and Railroaders on a Tour of Inspection.

A party of capitalists and railroad men comprising the Chesapeake and Ohio syndicate left Richmond, Va., yesterday morning on a tour of inspection of that road and its branches, coal interests, &c.

A special says the party is composed of John Jacob Astor, John A. Stewart, President of the United States Trust Company; George Bliss, of Morton, Bliss & Co.; C. H. Coster, of Drexel, Morgan & Co.; John Crosby, of Brown Bros. & Co., all of New York; Mr. Winthrop, of Drexel, Hargis & Co., Paris; Mr. Stotenberg, of Drexel & Co., Philadelphia; M. E. Ingalls, President of the Chesapeake and Ohio; H. W. Fuller, Passenger Agent, and J. T. Odell, General Manager.

The party will reach this city some time to-morrow, over the M. and B. S. from Ashland, and will probably go by way of the K. C. from this point, on their way to Cincinnati.

Romance and Matrimony.

Mr. R. C. Linville and Miss Orra Carpenter eloped from Mt. Olivet last evening and were married at Aberdeen by Squire Beasley. They were accompanied by Misses Kate McKay and Fannie Galbraith and Messrs. Wade Meadows, Jos. Linville and John Smith. The party was a merry one and were guests of the European Hotel last night and this morning.

The bride is put fifteen and is a daughter of William Carpenter, proprietor of one of the Mt. Olivet hotels. It is said she was engaged to be married to another fellow at the time of her elopement with Linville. The parties are all well-to-do. The groom resides near Carlisle.

SEVENTEEN new convicts from Louisville were added to the list in the penitentiary this week.

A WANDERING troupe of musicians struck the town yesterday afternoon and have since been engaged in gathering up the loose nickels. One of them is a whole band all by himself, as he plays a bag-pipe with his mouth and fingers, beats a drum with his left elbow and manipulates a triangle and cymbals with his right foot.

THE colored Republicans are after some of that "pie." Two of them want to be postmaster at Ewing. The post-office at Cowan will be contested for by John Ishmael, white, and Jesse Chambers, colored. At Elizaville, A. A. Hood, white, and Dan Bush, colored, will be the rival applicants. The colored brother insists on being recognized.

THE "Gretna Green links" published yesterday included the marriage of Geo. W. Perkins and Miss Lizzie Daley. The groom is twenty-one and lives in Harrison County, while the bride is but fifteen and lived in Scott County. They were accompanied on their trip to Aberdeen by Ben Rulon and the entire trip—a distance of 130 miles—was made in a small one-horse buggy.

THE Louisville Post has the following complimentary notice of a former citizen of Maysville: "Mr. Charles Ryan, chief clerk of the Chesapeake & Ohio Railroad, is making preparations to remove with his family to Cincinnati. The local offices will, after January 1, be located in that city. Mr. Ryan has been living in Louisville for something like two years, and in that time has made hosts of friends for himself and his road. A more conscientious, painstaking and efficient railroad man has not resided here these many years, and it is hoped his success will be as great in his new field as it was in this."

Mr. Ryan is a son of Mr. Mike Ryan at one time among the leading business men of this city.

OF INTEREST TO PHYSICIANS.

A Circular From the State Board of Health Regarding the Medical Practice Law.

The following circular from the State Board of Health is self-explanatory: OFFICE OF THE STATE BOARD OF HEALTH, BOWLING GREEN, KY., Nov. 12, 1888.

To the Medical Profession of Kentucky: The new medical practice act, requiring every physician now engaged, or who may hereafter engage, in the practice of medicine in this State, to register his diploma in the Clerk's office of the county where he is located or proposes to locate, is now in effect, and will be made compulsory under heavy penalties, after the 1st day of April, next. Each diploma, except those from medical colleges chartered under the laws of Kentucky, will require to be certified and endorsed as being issued from a reputable and legally chartered medical college before it can be registered in any county.

By special agreement of all the bodies authorized by law to make such endorsement this duty has been delegated to us, as the legally appointed representative of the Kentucky State Medical Society, in the name of which all endorsements will be made. No fee will be charged for the endorsement. Diplomas may be sent to me by mail, in a registered package, with stamps enclosed for return in the same way, or by express. The full address, including county, should be enclosed in each package. Any physician whose diploma has been lost or destroyed must obtain a duplicate, or an official certificate of graduation, from the college from which it was issued, as nothing but this can be endorsed or registered, unless such physician was engaged in practice prior to February 23, 1884. An official medical directory of the State will be published by the State Board of Health as soon as all county registrations are completed.

As this law was designed for the protection of our profession, as well as the general public, the physicians of each county should cheerfully give the officers of the law their aid in its enforcement.

As the law makes the duty of each physician plain, and as my heavy work under it is done gratuitously, an extensive correspondence in regard to how each of the hundreds of physicians of the State is to comply with it is not solicited. Very respectfully, J. N. MCCORMACK, M. D.

Comments of the Press.

New York Telegram: "One hundred thousand dollars!"

"That sum represents Colonel James J. Coogan's campaign expenses.

"Colonel Coogan had an ambition.

"He wanted to be Mayor.

"The ambition has left him.

"Colonel Coogan's total vote in New York was 9,873.

"Over \$10 a vote."

Danville Advocate: "Our admiration for Mr. Cleveland is in no wise lessened by his defeat. On the contrary we believe him to be the greatest leader the Democratic party has had since the days of Stephen A. Douglass. Of course the papers will now be burdened with harsh criticisms, but a man who has tried to do his duty faithfully under all circumstances can afford to stand this. History will do him justice."

Lexington Transcript: "Democrats can now have one sublime consolation. We lost the offices, but we will have the satisfaction of seeing the Republicans squabble for them. The greatest pic-nic of the age is to see the Swope-Goodloe-Stoll factions lampoon each other. And now the chances are that Mr. "Coon" will come to the front and demand his proper share of the spoils."

Central Kentucky News: "Truth crushed to earth will rise again; and so it is with the principles taught by the Democratic party. They still live in the hearts of all those who love liberty and oppose oppressive taxation."

Covington Commonwealth: "The New York World reports a case that ought to open the eyes of the workingmen, and there will be plenty more of the same sort. It says:

On Saturday last the carpet-working firm of E. S. Higgins & Co., of this city, turned out 300 men in the Harrison parade, the object being, of course, to prevent injury to its business through any possible reform in the tariff. Yesterday the firm announced that for the present its force of working people would be reduced one-half. This is a nice present for the poor men who imagined that in voting for Harrison they were voting for more wages and prosperity galore.

"The beginning of the inclement season adds to the force of this example of practice vs. precept. But what do these employers care after the votes are cast and counted? They must retrench in order to make up their share of the carpet weavers' contribution to the Republican campaign fund, which the Commonwealth is informed by a Philadelphia carpet manufacturer, amounted to \$600,000."

Personals.

Mrs. H. B. Cushman and Mrs. I. F. Tabb, of Flemingsburg, are visiting relatives in this county.

Mr. L. C. Blatterman, of the firm of Blatterman & Power, returned yesterday from a visit at Cincinnati.

Mrs. Eliza Fleming and son, John P., left Tuesday forenoon for a visit to friends in Maysville and Aberdeen.—Flemingsburg Times-Democrat.

THERE is a growing disposition on the part of many Republican editors in rural districts to become postmasters. Better stick to your papers, gentlemen. Your services in the next four years in your present capacity will be more valuable to the g. o. p. than in the post-office.—Dover News.

Our contemporary's advice is timely, but we feel that it will be "wasted on the desert air." What have the Republican editors been fighting for these many years if not for some of that "pie?"

Ele, pie.
 Government pie;
 I must have a slice
 Of that Government p'e.

That's what they are all singing nowadays.

MAYSLEICK.

The merry wedding bells rang out Wednesday, November 14th, on the occasion of the marriage of Mr. K. Lee Fox and Miss Zulia Laytham.

The Christian Church had been put in gala trim for the nuptials, the decorations being very handsome and elaborate. The ceremony was solemnized at 11 a. m., Rev. Z. T. Cody officiating. The attendants were Mr. John Clift and Miss Sudie Laytham, sister of the bride. Dr. M. H. Davis, Deputy Sheriff Jefferson and Messrs. T. P. Hopper and Jake Worthington acted as ushers.

The toilettes of the bride and her bridesmaid were elegant and beautiful. After the ceremony, a wedding breakfast was served at the home of the bride's father, Mr. A. Laytham. The couple left on the afternoon train for a bridal trip East.
